

AT HAZENDAL

This wine list comprises the best of Hazendal, and prominent wines from the handful of neighbouring farms in the Bottelary area. The Bottelary Ward is situated within the wine growing region of Stellenbosch.

The Bottelary Hills are extremely diverse in terms of terroir. A wide variety of different slopes and aspects, elevations, soils and the influence of both False Bay and the cold Atlantic Ocean, make for a very intricate array of unique and distinctive micro-climates resulting in wines with a sense of place.

In contrast to the majority of the Stellenbosch wine-producing farms, most of the farms along the Bottelary Road have been owned and farmed by the same families for generations. The owners were the viticulturists and winemakers and still are today. Amongst these are the Roos Family (Mooiplaas), Steytler Family (Kaapect), Steenkamp Family (Groenland) and the Uys Family (Fort Simon).
